- A. The Board hereby recognizes the Stonington Education Association as the exclusive representative of all certified professional employees in positions requiring a teaching or other certificate, including DSAP ("durational shortage area permit"); and are not included in the Administrators' Unit or excluded from the purview of Sections 10-153a to 10-153n, inclusive; the Association having been designated pursuant to a petition signed by a majority of said employees and certified by the Board on October 27, 1965. The Stonington Education Association is affiliated with the Connecticut Education Association and the National Education Association hereinafter referred to as the "Association".

Either party may, if it so desires, utilize the services of outside consultants, negotiators or attorneys and may call upon professional and lay representatives to assist in the negotiations.

ARTICLE 6
RESIGNATIONS

A. **Thirty Day Notice**

A teacher may resign between September 1st and June 30th in any year for any reason by submitting not less than thirty calendar day's advance written notice.

ARTICLE 7
CLASS SIZE AND TEACHER LOAD

The parties recognize the desirability from both an educational viewpoint, and the viewpoint of providing a good working environment for teachers, of limiting students participating in a class and of equalizing, as much as possible, the number of students assigned to various classes conducted within a grade level or subject area. To that end, it is the policy of the Board to limit class size and to equalize class size to an extent consistent with sound educational principles and the fiscal and physical facilities of the system.

In like manner, teacher load, specifically teaching classes per day or per week and different preparations per day or per week, should also be limited whenever possible to an extent consistent with the same sound educational principles and the fiscal and physical facilities of the system.

For the purpose of reasonable class size, consideration must be given to students with special learning needs and their ability to function in a normal classroom environment.

ARTICLE 8
VACANCIES

All vacancies for bargaining unit positions will be adequately publicized. This means as a minimum, that a notice will be posted in every school clearly setting forth a description of the qualifications for the position, including the duties and salary range where applicable.

During summer vacation, notices will be distributed by mail to those who express a desire for a position that is vacant and who are certified for that particular vacancy.

Vacancies that occur after August 1st will be exempt from provisions of this Article; however, the administration will still attempt to notify those individuals who have expressed an interest in a particular position for which they are certified.

Notifications of vacancies will be posted in the Administration Building in clear view of those wishing to be informed of vacancies. In addition, a copy will be sent to the President of the Stonington Education Association.

Such notices will be posted as far in advance as possible, ordinarily at least 30 days before the final date when applications must be submitted, and in no event less than two weeks before such date, except in cases of emergency caused by the death and/or illness of an employee. In filling vacancies, preference will always be given to the best qualified candidate.

Teachers may be transferred for the good of the school system to any teaching assignment for which they are certified.

The transfer must be discussed with the teacher concerned before it is implemented.

ARTICLE 9 **PROFESSIONAL DEVELOPMENT**

A. STATEMENT OF PRINCIPLES

1. Professional development will be defined as any exercises or programs that teachers need to know and be able to do to improve instruction that advances student learning. These exercises or programs may include workshops, seminars, and activities involving the application of learning in school-based settings, e.g., action research study teams, curriculum development, teacher visitation, problem-solving groups, extended curriculum-based learning, school-wide improvement initiatives, and other such activities which enhance the ability of teachers to increase student learning.
2. Professional development programs may be recommended by the professional teaching staff, but must be approved by the administration prior to implementation. Approved programs will be conducted and directed by the administration.
3. Professional assistance in the development of a program may be requested by the program administrator based upon the demands of the program. Professional staff assistance may be rendered on a voluntary basis and/or as part of a teacher professional growth plan.
4. In accordance with CSDE, professional development activities shall be

designed to enrich or improve the skills, knowledge and abilities of educators to advance student learning. The content of such activities shall be guided by building, district, and state expectations and goals for student performance, actual student performance as measured by a variety of incidences, and what teachers need to know and be able to do to improve instruction that advances student learning.

5. Programs of professional development should provide for the evaluation of the programs by all participants.

B. IMPLEMENTATION OF APPROVED PROGRAM

1. Every effort will be made to announce professional development programs by September 15th for the fall semester and January 15th for the spring semester.

- (a) Emergency situations may dictate changes in the above date.
- (b) Special summer programs are not covered by No. 1 above.
- (c) All participants in Board of Education paid, sponsored summer programs will be compensated at the in-service rate as listed in Article 41. Voluntary programs and/or meetings shall not be eligible for compensation.

- (a) If the program is held on a school day, during an individual's workday, attendance is mandatory.
- (b) If the program is held on a school day, outside of an individual's workday, attendance may be voluntary or mandatory. If attendance is mandatory, compensation will be given at the in-service rate as listed in Article 41.
- (c) If the program is held on a non-school day, attendance may be voluntary or mandatory. If attendance is mandatory, compensation will be given at the in-service rate as listed in Article 41.

3. **Payment:** Teachers who participate as presenters in district professional development programs will be paid for their initial preparation time at the in-service rate as listed in Article 41. Teachers who receive district supported professional development for the purpose of providing in-district training will be compensated for in-district presentations outside scheduled workdays. Teachers who receive district-supported professional development for the purpose of providing in-district training will be required to make

presentations on professional development days that will be equal to the number of CEU hours spent in training.

- C. Part-time employees shall be required to attend all professional development days for the entire duration of the professional development program(s) scheduled on such days.

If the professional development program(s) is for a longer duration than the part-time employee's scheduled work day, the part-time employee will attend the professional development program(s) for the duration of the program(s) and shall receive remuneration based upon his/her attendance for the duration of the program(s).

ARTICLE 10 **PLANNING/PREPARATION PERIOD**

A. **Definition**

A planning/preparation period is understood to be a period of time within the "teaching day" which is provided for teachers to do a number of professional activities. With the consent of the building principal, teachers may meet together to plan team activities, plan individually, counsel students, mark papers, attend to school managerial details, talk with parents, etc. The intent of the planning/preparation period should be clear; however, it is team planning or individual planning - all other acceptable professional activities are secondary to it, and should not be continuously or routinely substituted for it. In this matter, building principals must and do have wide discretion to approve various alternatives consistent with the intent of a period of time allotted for professional preparation.

- B. Regular classroom teachers will be provided with a professional planning/preparation period according to the schedule described below:

1. **High School/Middle School** - Forty (40) to forty-five (45) minutes - normally one (1) teaching period per day or five (5) units of such time per week.

The Administration may use forty-five (45) minutes of one (1) preparation period once every fifth day at the high school for purposes of either meeting with professional staff or other educational needs, as determined by the building Administrator.

Such meetings shall be in additions to the meetings set forth under Article 18, Section A.

2. **Elementary Level** -

(a) Thirty (30) minutes of planning/preparation time during the children's

school day every school day or five (5) units of such time per week.

- (b) Fifteen (15) minutes of planning/preparation time in addition to 2. (a) above (thirty (30) minutes per day) every school day.

ARTICLE 11 **SEVERABILITY**

In the event that any provision or portion of this Agreement is ultimately ruled invalid for any reason by an authority of established and competent legal jurisdiction, the balance and remainder of this Agreement shall remain in full force and effect.

ARTICLE 12 **SABBATICAL LEAVE**

- A. A sabbatical leave is defined as a year of study for which application may be made by a teacher possessing a Professional Educator Certificate after having completed seven consecutive years of service in the Stonington Public School system. Study leaves are designed to encourage improvement of instruction, supervision and administration. The prime purpose of a sabbatical leave is to enable an individual to participate in a learning experience which will allow the individual to do a better job in the education of the children in the Stonington School System.
- B. The sabbatical leave shall not be used for earning a Master's Degree, except in the teacher's subject area.
- C. Sabbatical leaves with pay may be authorized by the Board of Education upon the recommendation of the Superintendent of Schools in accordance with the following rules:
 - 1. No more than two (2) sabbatical leaves shall be authorized in any one (1) school year.
 - 2. Written notice that a sabbatical leave will be applied for must be received by the Superintendent on or before January 1st of the school year preceding the proposed sabbatical. Requests for sabbatical leaves must be received in writing by the Superintendent on or before March 15th of the school year preceding the proposed sabbatical year.
 - 3. If two (2) teachers are granted sabbatical leave, they will be paid three-fourths ($\frac{3}{4}$) of their annual salary rate provided that such pay, when added to any program grant received by such teacher, shall not exceed the teacher's annual salary. If a single teacher is granted sabbatical leave, he/she shall be paid his/her annual salary rate minus any program grant received by such teacher.

4. The grantee of the sabbatical leave will receive full insurance coverage in the same manner as he/she would if teaching provided that there is no increase in premium costs as a result of such sabbatical leave; but if such increase in premium does result, the teacher will receive such insurance coverage as may be obtained by the expenditure of the same premium.
5. The grantee of the sabbatical leave will receive credit on the salary scale for the sabbatical year.
6. Proposed sabbatical leaves will be available only for approved scholarly programs to be carried on in an accredited institution of higher learning which shall be itemized in the application.
7. The proposed program of study must be directly related to the teacher's work in the Stonington Public School System and must offer a potential to the individual and to the school system.
8. The grantee of the sabbatical leave must agree in his/her application to repay all monies received from the school system during the sabbatical year if the purpose for which the sabbatical leave was granted is not fulfilled.
9. The grantee of the sabbatical leave is expected to return to employment in the Stonington School System for a minimum of three (3) consecutive years following the year of the sabbatical leave. If the grantee fails to return to the system for the full three (3) year period, he/she shall be obligated to repay that prorated share of the monies received from the system during the sabbatical year equal to the proportion of the three (3) year period not completed.

ARTICLE 13
ANNUAL SALARY AGREEMENT

- A. The annual salary agreement of an individual will be considered void if said annual salary agreement is not signed and returned within fifteen (15) days after receipt by the teacher.
- B. Individual supplementary salary agreements shall be issued where extra compensation is agreed upon.
- C. The Board agrees to use as the forms for the written annual salary agreement of each individual bargaining unit employee either the: (1) Teacher's Initial Contract; or an annual salary agreement that sets forth the applicable teacher's salary as set forth in the applicable salary schedule (Article 40 herein). It is understood that these salary agreements are subject to the negotiated collective bargaining agreement between the Stonington Education Association and the Stonington Board of Education for the current year which shall take precedence if in conflict.

ARTICLE 14
TEACHING ASSIGNMENTS

Principals shall notify teachers of tentative assignments in writing for the following school year by June 1st of the current school year.

ARTICLE 15
DEGREE DEFINITIONS

A. The following definitions shall apply for the purposes of this contract:

1. **Bachelor's Degree:**

(a) An earned bachelor's degree from an accredited four-year collegiate institution; or

(b) thirty (30) credits in a planned program at an accredited collegiate institution in addition to an earned bachelor's degree from an accredited collegiate institution.

2. **Master's Degree:**

An earned master's degree from an accredited graduate school;

3. **Sixth Year:**

An earned certificate from an accredited graduate school.

4. **Doctorate:**

An earned degree from an accredited graduate school.

A teacher employed by the Board in a bargaining unit position covered by this Agreement as of June 30, 2017 shall not be removed from the degree definition status he/she was placed on as of such date as a result of the parties' agreement to reduce the number of degree definitions to the four (4) enumerated definitions set forth above.

B. Teachers with a Bachelor's Degree plus thirty (30) credits shall receive an annual stipend of four hundred dollars (\$400.00) in addition to their salary determined in accordance with the salary schedule and teachers with a Master's Degree plus thirty (30) credits will receive five hundred dollars (\$500.00) in addition to their salary determined in accordance with the salary schedule. However, as of September 1, 1978, and thereafter, the Board of Education will no longer recognize the BA + 30 and the MA + 30 for salary stipend purposes. Exceptions will be those

members on staff as of September 1, 1978, who received the stipend in addition to their regular salary.

- C. To be eligible for a degree change on the salary schedule, a teacher must notify the Superintendent's office by January 15th of the year prior to the anticipated change in degree status. Failure to make the required notification will preclude the degree change until such notification requirements have been met. The Board agrees to notify teachers at least thirty (30) days prior to January 15th that such notice is needed for a degree change.

ARTICLE 16
ILLNESS/SICK LEAVE

- A. Each bargaining unit employee shall be entitled to fifteen (15) sick days with full pay in each contract year. Unused sick leave may be accumulated up to, but not in excess of, one hundred eighty five (185) school days.
- B. For absence due to illness beyond the available sick leave, employees, subject to the approval of the Board, or its designee, shall be paid the difference between their regular salary and the cost incurred in connection with obtaining a substitute teacher to assume their responsibilities. The Superintendent shall have the right to request a note from the treating physician to ascertain the validity of an illness. A denial of a request for such additional sick leave shall not be subject to the grievance procedure set forth in Article 27.
- C. When a teacher has to be absent because of illness of a member of the immediate family, (as defined in Article 25, Section B) such absence will be deducted from such leave. This will be a maximum of five (5) days in any academic year and will be noncumulative from one year to another. The Superintendent shall have the right to request a note from the treating physician to ascertain the validity of the actual illness.
- D. A doctor's note from the physician treating the teacher for the illness or injury that caused the absence from work may be requested by the Superintendent of Schools for any absence or illness of four (4) or more consecutive days.

A doctor's note from the physician treating the teacher for the illness or injury that caused the absence from work may be requested if a review of the teacher's record demonstrates an excessive use of sick leave and/or a pattern of absenteeism during the current academic year.

Sick leave taken in the event of a medical illness or injury or follow-up to surgery in accordance with a specific medical directive, as provided by the teachers' treating physician, shall not be considered an excessive use of sick leave for purposes of this Article.

ARTICLE 17
DISCUSSION COMMITTEE

A committee composed of a maximum of three (3) representatives of the Stonington Board of Education and a maximum of three (3) representatives of the Stonington Education Association will be organized for the purpose of discussing matters relating to education improvement, professional personnel, Board policy and administrative directives, such meeting may occur no more than on a quarterly basis, at the request of either the Board or the Association. When mutually agreed upon, each group may include a resource person or an administrator.

The results of said discussions are not grievable, nor does the fact that an unsatisfactory result occurs, in and of itself, make the matter discussed a negotiable item.

ARTICLE 18
BUILDING/DEPARTMENTAL LEVEL MEETINGS

A. Teachers shall attend up to ten (10) meetings per school year.

The Administration may, at its' discretion, combine a meeting or meetings for up to two (2) hours provided the total aggregate number of hours for such meetings during a school year shall be no greater than ten (10) hours and the total number of meetings during a school year shall be no greater than ten (10).

First draft writing, the creation of curricula, or the actual revising and/or rewriting of curricula based upon the review and analysis previously performed by the individual writer and/or other individuals is not considered a part of the teacher's normal job and will be compensated under the provisions of the Professional Development Program.

Teachers may, at the discretion of the Superintendent or his designee, also be required to attend up to four (4) additional meetings/school related events per school year.

Acceptable meetings/school related events that meet such requirement shall be determined and set forth, in writing, by the Superintendent or his designee.

Any meetings/school related events not set forth by the Superintendent or his designee may be acceptable by mutual written agreement between the Superintendent or his designee and the teacher. Such determinations shall neither establish a past practice nor a precedent.

ARTICLE 19
WITHHOLDING OF SALARY INCREASE

A. A salary increase in any year may be withheld under the following conditions:

1. The principal and/or supervisor, where applicable, shall be the evaluators and may recommend to the Superintendent that a salary increase be withheld, but prior to such recommendation to the Superintendent, the principal and/or supervisor shall:
 - (a) Hold a meeting with the teacher, clearly stating the facts as to why the recommendation is to be made.
 - (b) Allow a reasonable period of time for the teacher to make the necessary improvements.
 - (c) If in the judgment of the principal and/or supervisor there is not adequate improvement, the recommendation shall then be made to the Superintendent, that the increase be withheld.
 2. The Superintendent, after investigation, may recommend to the Board of Education that the increase be withheld.
 3. After being properly notified of the salary increase being withheld, the teacher in question may appeal his/her case before the Board of Education, which shall hold a Board meeting and said meeting shall be in open session if either party so requests.
 4. Each teacher may be represented by or consult with the Stonington Education Association in any appeal of his/her case before the Board of Education under the provisions of this Article.
- B. In each case where a principal and/or supervisor recommends the withholding of a salary increase to the Superintendent, a copy of the evaluation report, upon which such recommendation is based, shall be given to the teacher involved.

may be taken into account:

Any amount of salary payable pursuant to this section shall be reduced by any workers' compensation award for disability due to the said assault injury for the period for which such salary is paid. The Board shall have the right to have the teacher examined by a physician designated by the Board for the purpose of establishing the time during which the teacher is disabled from performing his/her duties.

In all cases, the Allowance Upon Retirement will be based upon the individual's accumulated sick days as of the last workday in the individual's final year of employment.

The maximum number of accumulated unused sick days that may be used for computation of an individual's Allowance Upon Retirement is one hundred fifty (150) days.

Payment Procedures for Allowance Upon Retirement

Other benefits for teachers who hold a position of less than a full-time (1.0) teaching assignment:

A teacher who works less than a full-time (1.0) teaching assignment shall receive the same number of sick days, personal days and funeral leave set forth in this Agreement for teachers who work a full-time (1.0) teaching assignment, however, remuneration for such days shall be based upon each teachers specific work schedule on the day in question.

**ARTICLE 36
REDUCTION IN FORCE AND RECALL**

A. SEPARATION OF STAFF:

The Board has the sole and exclusive prerogative to eliminate professional staff positions, consistent with the provisions of the state statute, providing such elimination does not result in a failure in its duty as a state agency to implement the educational interests of the state and to provide good public elementary and secondary schools. Elimination of professional staff positions may result from decreases in student enrollment, budgetary constraints or other reasons, as determined by the Board. This policy is adopted to provide a fair and orderly process should such eliminations become necessary.

B. DEFINITIONS:

1. As used herein, the term "days" shall mean calendar days.
2. As used herein, the term "teacher" (excluding DSAP) shall apply to any employee of the Board who holds a regular certificate issued by the Connecticut State Board of Education and is employed in a teaching position covered by this Agreement.

C. SEPARATION PROCEDURE:

1. The Board may, in the first instance, exercise its right and power to reduce the number of staff positions without determining which teacher contracts will be terminated, if any, or what other staffing changes will be made to effectuate the purpose of position elimination.
2. Prior to commencing action to terminate teacher contracts under this

procedure, the Board will give due consideration to its ability to effectuate the position eliminations and/or reductions in staff by:

- (a) Voluntary Retirements;
 - (b) Voluntary Resignations;
 - (b) Transfer of Existing Staff Members;
 - (d) Voluntary Leaves of Absence.
3. In the event it appears necessary to terminate teacher contracts in order to effectuate the elimination of professional staff positions, the Superintendent will propose to the Board, for its consideration, an orderly plan for elimination of positions, identifying professional personnel whose contracts he/she recommends for termination. If the Board considers termination of the contract of a teacher, it shall authorize the Superintendent to notify the teacher, in writing. This notification, and any subsequent proceedings with regard to contract termination, will be in accordance with the provisions set forth in the Connecticut Teacher Fair Dismissal Law (Section 10-151 of Connecticut General Statutes) and shall not be subject to the grievance and arbitration provisions of this Agreement.
4. The following criteria will be used to select those employees whose contracts are to be considered for termination as a consequence of elimination of professional staff positions:
- (a) **Tenure Status:** If a teacher has attained tenure status, his/her contract of employment may be terminated if his/her position is eliminated, but only if there is no other position available in the school system for which the teacher is certified and qualified. Therefore, teachers who have acquired tenure will have first preference for retention in positions for which they are certified and qualified.
 - (b) **Other Criteria:** Within the separate categories of tenured teachers and non-tenured teachers, the following criteria will be considered:
 - i. Areas of Certification;
 - ii. Teaching Experience in Other Positions Which May Be Available;
 - ii. Qualifications and Ability, As Determined by Evaluation of the Teacher's Performance;
 - iv. Total Years of Experience in the School System;

- v. Degree Status;
- vi. Total Years of Experience in Teaching.

D. Within these criteria and when two or more positions must be eliminated with a consequent reduction in staff, when in the judgment of the Superintendent, staff members under consideration for layoffs have similar skill and ability, then in that event the least senior teacher in the Stonington School System shall be laid off.

Seniority will be determined by using total years of service in the Stonington Public Schools, regardless of whether such service is continuous or interrupted. Employees ineligible to receive credit toward seniority are as follows:

- Employees holding Durational Shortage Area Permits (DSAP)
- Employees serving as substitute teachers.

A seniority list will be developed and agreed to by both parties.

Nothing herein shall require the promotion of a teacher to a position of higher rank, authority, or compensation, although the teacher whose contract is to be terminated because of elimination of position is qualified and/or certified for the promotional position.

E. **RECALL PROCEDURE:**

If the contract of employment of a teacher is terminated because of elimination of positions, the name of that teacher shall be placed on a recall list and remain on such list for a period of two (2) years. If a position becomes available during this period and the teacher has been selected by the Board of Education as the person on the recall list who is certified and qualified to hold that position, then the teacher will be notified in writing by registered mail, sent to his/her last known address, at least thirty (30) days prior to the anticipated date of re-employment. In determining whether a teacher is qualified for reappointment, the Board of Education shall consider the criteria as set forth in "SEPARATION PROCEDURE", Parts C(4)(b) through D above. The teacher shall accept or reject the appointment in writing within five (5) days of the date of notification of the available position. If the teacher rejects the appointment offer, or does not respond according to this procedure within five (5) days, then the name of the teacher will be removed from the recall list.

ARTICLE 37
PAYROLL DISTRIBUTION

Bargaining unit employees shall be paid during the school year on a bi-weekly basis via direct deposit with a balloon payment as part of their last paycheck.

ARTICLE 38
EMPLOYEE RIGHTS

- A. Teachers shall have knowledge of and access to all materials placed in all files maintained on them by the Stonington Board of Education and/or the Superintendent, central office administrators and/or building administrators. No material shall be placed in any file maintained on a teacher unless the teacher is given a copy thereof. The teacher may submit a written notation regarding any material in question. If the teacher is asked to sign material placed in his/her file, such signature shall be understood to indicate his/her awareness of the material, and in no instance shall said signature be interpreted to mean agreement with the content of the material.
- B. Administrators may keep a file in their offices, the content which is limited to signed evaluations, scripts of current year observations, any data collected in the current year or the years during an evaluation cycle, and reminder notes written by the administrator during the current year or the years prior to the performance appraisal cycle for use in performance appraisal evaluation.
1. Teachers shall be notified yearly that the data file exists and that they have the right to examine the contents.
 2. Such files shall be removed (except past evaluations) upon the completion of each evaluation cycle or every two (2) years, whichever is less.
 3. Contents of such files (with the exception of the evaluation document) are subject to freedom of information legislation.
 4. Data may be transferred to the central personnel file. Should data be transferred, teachers shall be notified.
- C. No teacher shall be given a written reprimand, reduced in rank or compensation, or receive a disciplinary suspension without pay unless there is just cause. If a teacher is to be formally disciplined in one (1) of the above manners by the Board or its agents, the teacher shall receive written notification of the disciplinary action, be entitled, upon request, to receive a written statement of reasons and have the right to have a representative of the Association present at any disciplinary meeting. This section shall not, however, apply in cases when a teacher faces termination or nonrenewal under section 10-151 of the Connecticut General Statutes or in cases when the teacher has been suspended "from duty immediately

when serious misconduct is charged without prejudice to the rights of the teacher," as provided by said statute.

- D. **Early Retirement Incentive Program** – The Board and the Association upon request will meet and confer with respect to matters relating to an Early Retirement Incentive Program.
- E. **Health Insurance Reopener** – In the event that the State of Connecticut establishes a health insurance plan which may be offered to local Boards of Education, the Board and the Association agree to meet and confer on the issue. If the parties agree, they may reopen the contract on that subject only. If the parties cannot agree to implement the plan, the issue will not be subject to further negotiations during the contract year or subject to arbitration.

ARTICLE 39
DURATION

The provisions of this Agreement which is effective as of August 1, 2017 shall continue and remain in full force and effect to and including June 30, 2020.

If as of January 1, 2020, the total cost of a group health plan or plans offered under this Agreement meets the thresholds that would trigger an excise tax under the Internal Revenue Code Section 4980I, the parties agree to reopen this Agreement for the sole purpose of negotiating over health insurance.

IN WITNESS WHEREOF, the parties have hereto set their hands and seals this ____ day of November, 2016 at Stonington, Connecticut.

December 8, 2016

Background: The high school administration has reviewed all stipend positions based on their current student participation. This school year there are not enough players to have a girls freshmen basketball team while the boys and girls indoor track team have over 100 students. Therefore, Stonington High School would like to use the funds currently assigned to the girls freshmen basketball coach position to hire an assistant indoor track coach to better facilitate the training and control of the large track team.

Agreement: Effective only for the 2016-17 school year, the following Added Teaching Duties currently listed in Article 41 Salary Schedule of the current SEA contract will be amended to the following.

Eliminate:	2016-2017
